

COURSE DESCRIPTION

This course provides an opportunity for Electrical Workers to gain skills in low voltage electrical rescue and resuscitation. It meets the requirement of Regulation 68 of the Electricity (General) Regulations 2012 which requires that "persons who carry out, or help in carrying out electrical work, to be suitably trained in rescue and resuscitation in accordance with the requirements of the Technical Regulator". To ensure that high standards of response are maintained in the event of an electrical incident, the Technical Regulator requires electrical workers to be assessed every 12 months.

This course also meets the requirement of the Work Health and Safety Regulations 2012, which requires an electrical safety observer to have current (within 12 months) skills in rescue and resuscitation.

COURSE CONTENT

- Prepare to perform rescue procedures form live LV panel
- Carry out and complete rescue from live LV panel
- Respond to an emergency
- Perform CPR
- Communicate details of the incident

COURSE REQUIREMENTS

Participants are required to have the following:

Materials –

- Pens/pencils
- Photo ID

Clothing –

- Wear normal work clothes including
- Covered footwear (steel capped boots preferred)
- Long sleeve shirt
- Long pants or overall

Please note: it is a requirement of this course that all participants must undertake practical demonstration of CPR on the floor on a manikin for 2 minutes.

COURSE OUTCOMES

On completion of this course, the participant will be able to competently:

- Prepare and carryout a rescue from a live LV Panel
- Understand their responsibility in the health safety and risk management process
- Recognise situations where CPR is required
- Carry out CPR in line with ARC guidelines
- Communicate details of an incident

A Statement of Attainment and wallet card for the following units of competency will be issued to participants after successful completion by PEER Education Employment & Training Pty Ltd (45744).

- HLTAID009 - Provide cardiopulmonary resuscitation
- UETDRRF004 - Perform rescue from a live LV panel

ENTRY REQUIREMENTS

There are no pre-entry requirements for this course.

DELIVERY METHOD

This course contains both theory and practical learning activities.

You are required to attend on site at PEER to complete this course.

DURATION

5 hours

MAX STUDENTS

16

April 2024

Date	Course	Start time	Finish time	Location
Tue 30	Rescue and Resuscitation (HLTAID009 Provide CPR & UETDRRF004 Perform rescue from a live LV panel)	8:00AM	1:00PM	PEER - Albert Park

May 2024

Date	Course	Start time	Finish time	Location
Wed 22	Rescue and Resuscitation (HLTAID009 Provide CPR & UETDRRF004 Perform rescue from a live LV panel)	8:00AM	1:00PM	PEER - Albert Park
