

COURSE DESCRIPTION

The UEE22011 Certificate II in Electrotechnology (Career Start) course is designed to provide participants with an introduction to the electrical and electronics industries. Completing this qualification can provide the skills and knowledge to transition into an apprenticeship in the Electrotechnology industry.

The course is primarily delivered online providing participants with a range of benefits including the opportunity to learn at their own pace and flexibility to study out of hours. Practical activities and assessments will be undertaken at the PEER trade training centre at a time arranged with trainers.

COURSE CONTENT

CORE UNITS OF COMPETENCY

CODE	COURSE TITLE
UEENEEE101A	Apply Occupational Health and Safety regulations, codes and practices in the workplace
UEENEEE104A	Solve problems in d.c. circuits
UEENEEE141A	Use of routine equipment/plant/technologies in an energy sector environment
UEENEEE148A	Carry out routine work activities in an energy sector environment
UEENEEE179A	Identify and select components, accessories and materials for energy sector work activities
UEENEK142A	Apply environmentally and sustainable procedures in the energy sector

ELECTIVE UNITS

CODE	COURSE TITLE
UEENEEE130A	Provide solutions and report on routine electrotechnology problems
UEENEE101A	Use computer applications relevant to a workplace
UEENEEE107A	Use drawings, diagrams, schedules, standards, codes and specifications
UEENEK001B	Maintain documentation

COURSE REQUIREMENTS

All applicants are required to undertake a literacy and numeracy pre-selection test administered by PEER. Successful applicants will then be invited to attend an interview at PEER, where your suitability for course enrolment will be assessed.

When attending practical assessments, participants will be required to provide their own Personal Protective Equipment (PPE) including fully enclosed safety boots/shoes, safety glasses, long pants and long-sleeved shirt.

COURSE OUTCOMES

Participants who meet all the requirements of the course will be awarded with a qualification in UEE22011 Certificate II in Electrotechnology (Career Start). If not all units of competency are completed, the participant will be issued with a statement of attainment.

ENTRY REQUIREMENTS

2026 COURSE INFORMATION FOR UEE22020 CERTIFICATE II IN ELECTROTECHNOLOGY (CAREER START)

There are no entry requirements for this course.

DELIVERY METHOD

The course is primarily delivered online providing participants with a range of benefits including the opportunity to learn at their own pace and flexibility to study out of hours. Practical activities and assessments will be undertaken at the PEER trade training centre at a time arranged with trainers.

DURATION

This course is self-paced, up to a maximum of 12 months.

There are currently no dates available for this course.
